

FY2021 Annual Report

Our Story

Serving students and educators is in our DNA. For more than 60 years, Edmentum has supported learning with innovative approaches and research-based curricula and assessments, reaching learners in over 75 countries. Edmentum's rich history in education has led to a natural extension into philanthropic outreach. We Can Learn was officially approved as a independent 501(c)(3) nonprofit organization in 2018.

Vision

**Learning should know
no limits or bounds.
Together, we can learn.**

Mission

**We stand with you, committed to
making a meaningful impact in
education through philanthropic giving
and service that supports equitable
and innovative learning opportunities.**

Together, we can grow

Our Goal

We Can Learn is committed to providing grants of Edmentum's software and consulting to non-school populations that would not otherwise be able to access it. High priority is given to organizations with well-established community engagement, staff and resources to best implement these solutions.

We Can Learn set a goal of 10 grant recipients impacting 10,000 learners over the next four years.

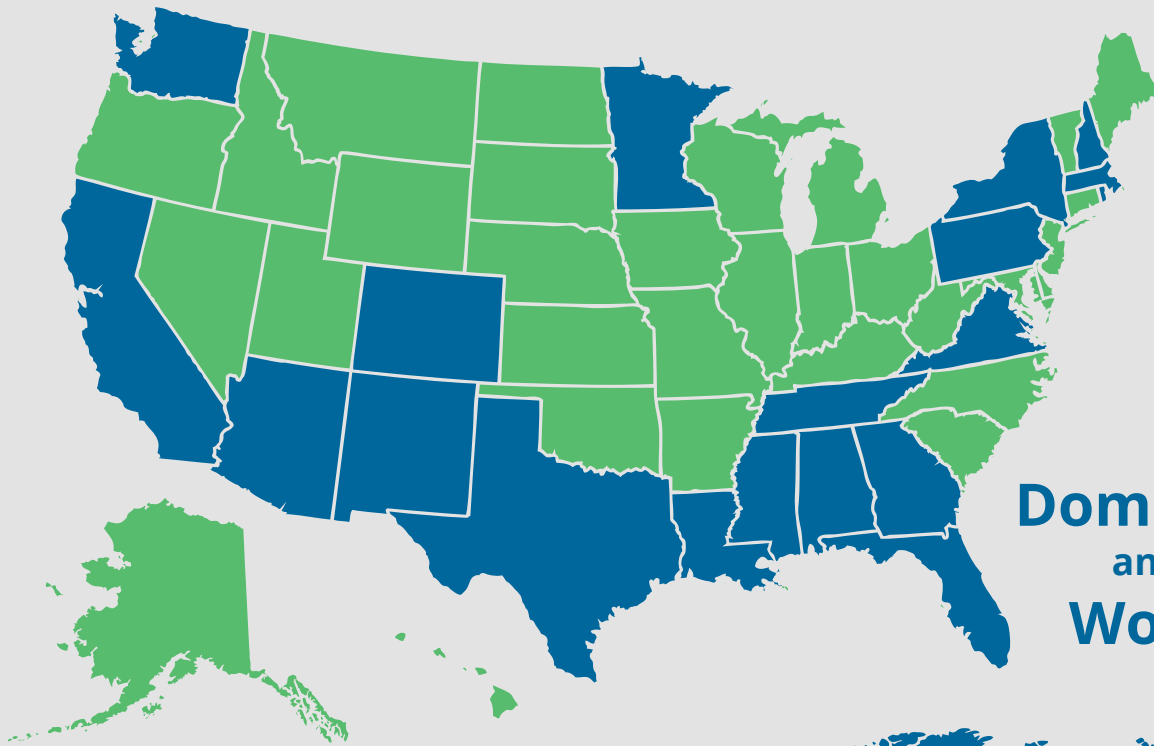

Our Impact

Domestic: Through our software grant program, highly at-risk learners are provided with access to Edmentum's curricula and assessments, along with award-winning training and support.

Global: We seek to positively impact learning across the globe by supporting initiatives that improve equitable access to teaching and learning.

Partners

Pencils of Promise is a non-profit organization that builds schools and increases educational opportunities in the developing world. Pencils of Promise was founded by Adam Braun in October 2008. It is a 501 organization with education programs in Laos, Guatemala and Ghana.

Worldwide

Grant Recipients

Alight works with its partners and constituencies to provide opportunities to refugees, displaced people, and host communities. Alight helps people survive conflict and rebuild lives of dignity, health, security, and self-sufficiency. Alight is committed to the delivery of programs that ensure measurable quality and lasting impact for the people they serve.

Worldwide

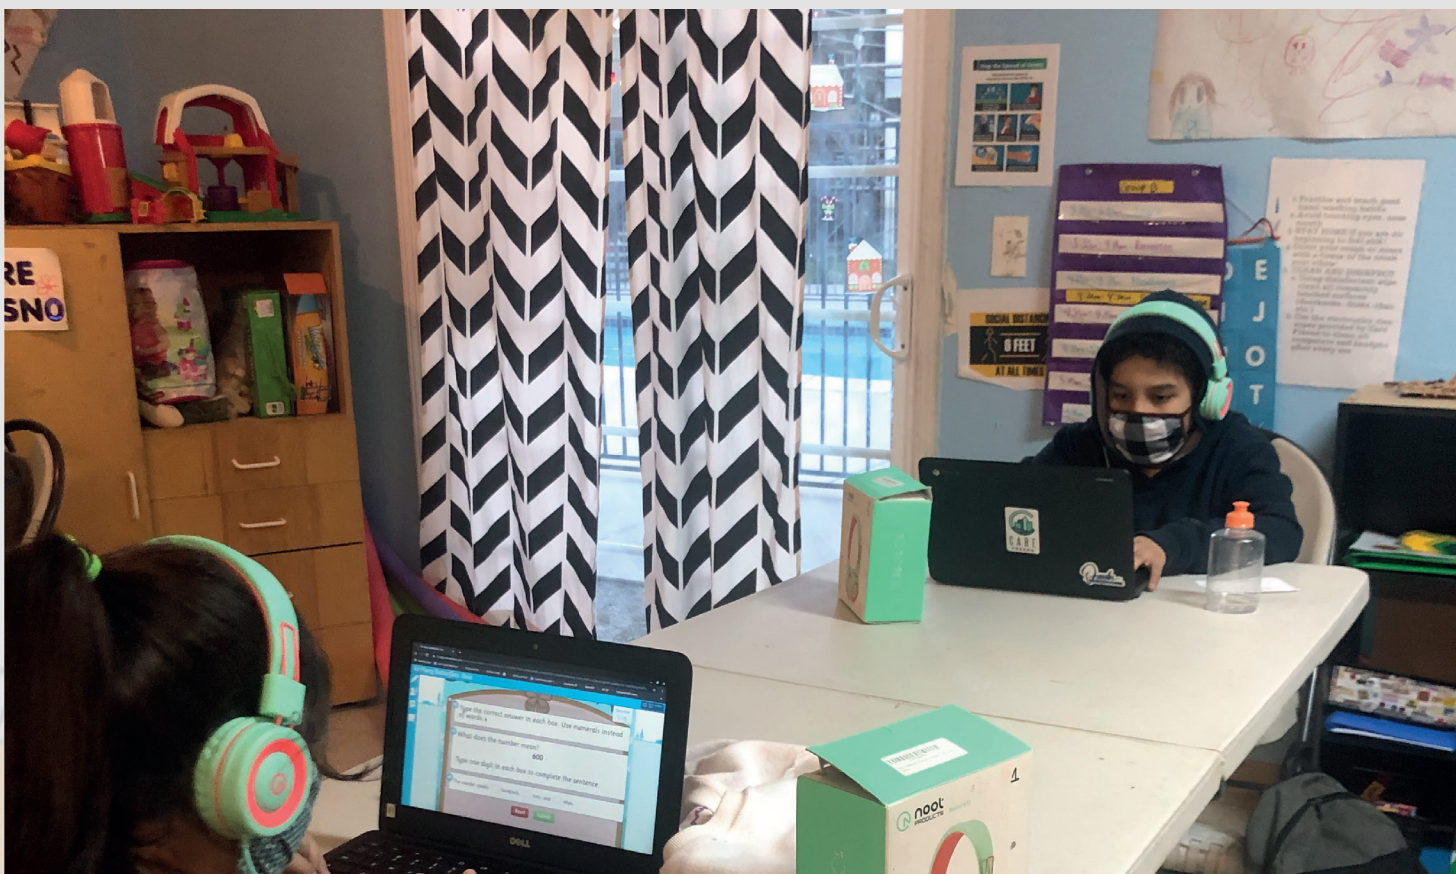

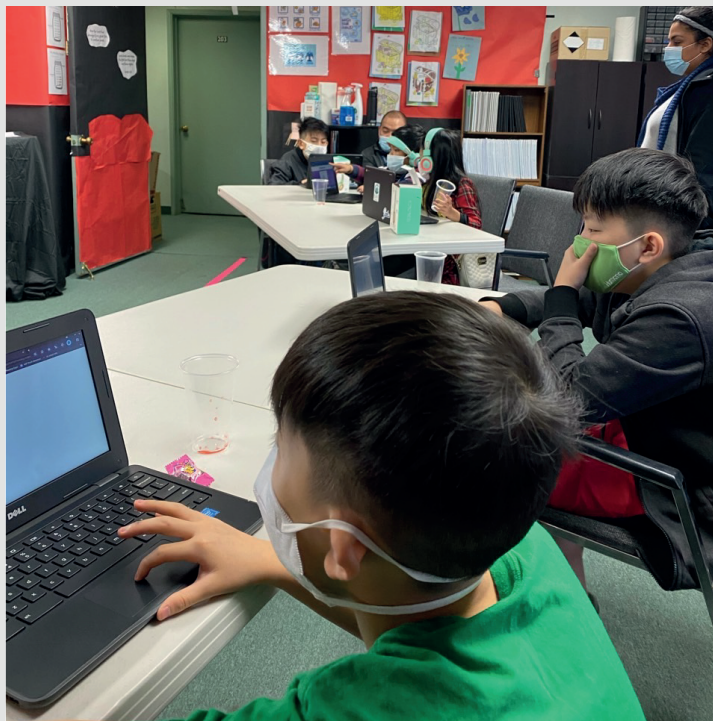

Grant Recipients

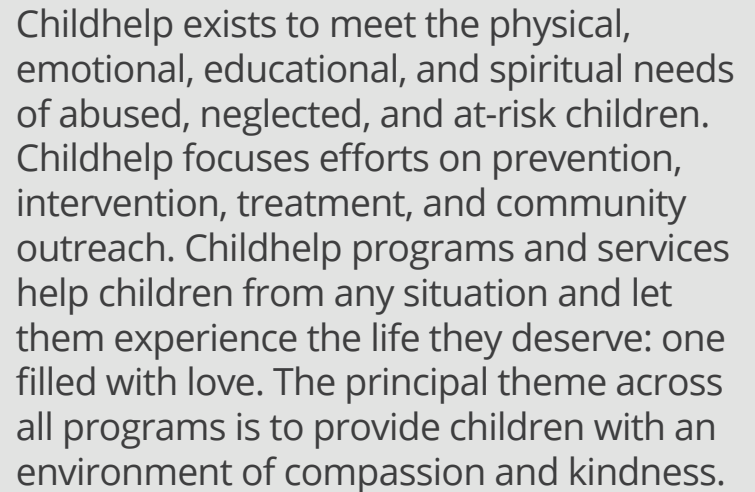

CARE Fresno is rooted in cultivating hope and healing in under-resourced communities by investing in youth and families through mentoring relationships, neighborhood programs, and local partnerships.

Our Board

We are advocates who believe in the power of education. We lend our time to fight for every learner's right to premium quality educational resources. Our passion fuels the need to improve the educational conditions of our most neglected, forgotten, and underestimated learners.

The We Can Learn board consists of 16 members and is led by our Chairwoman, Michelle Geddes.

A Note from Chairwoman Michelle Geddes

The journey of the last 2 years to get us to where we are today has been an exciting opportunity. We Can Learn has come to the marketplace with lofty goals and a desire to impact as many students as possible to support their learning journey. I appreciate all the positive feedback we have received as we build our brand in the marketplace. I want to thank our grantees for their desire to help the students in their community and working with We Can Learn in order to do so. I also thank the dedicated board who continue to amaze me every day with the work they are doing, they are a small but mighty team. I look forward to next year and seeing what we will do because together, We Can Learn.

How You Can Get Involved

Recommend a Nonprofit Through Our Technology Grant Opportunity

Edmentum's rich history in education led to a natural extension into philanthropic outreach. We Can Learn is an independent 501(c)(3) nonprofit organization that was incorporated in 2018.

For over 60 years Edmentum has been supporting student learning in over 75 countries with innovative approaches to student engagement and teacher support. As a part of our mission to make a meaningful impact in education through philanthropic giving that supports equitable and innovative learning opportunities, we have opportunities to support local non-profit organizations who are working with students outside of the traditional school day and classroom setting through Edmentum's software and services.
